

# DEEP DROP TRAILER

**POLAR**  
THE BEAR'S ALWAYS THERE

# DEEP DROP TRAILER

STAINLESS STEEL

## Built Right

- Proven, two-piece barrel design with a single circumferential seam.
- Industry's widest sheet material minimizes barrel seams.
- Designed for ease of operation and simple maintenance.

## A Full Complement of Options

- A wide variety of piping, plumbing, and pumping options available.
- Many weight-saving options help maximize your payload, including aluminum subframes, lightweight air-rides, aluminum hubs, and aluminum wheels.
- Special lengths and axle configurations are available to maximize your operation.
- Many more options available to ensure your satisfaction down the road.

## Polar — A Legacy of Performance

Since 1939, Polar has paved the way as an industry leader and innovator, continually raising the bar in production of the highest quality tank trailers on the road. As it has from the beginning, Polar performance also represents a promise of commitment to customers like you, who depend on us for the best equipment available. Customer satisfaction is the bedrock on which Polar's reputation — and products — are built. That's why, from major oil fleet to local jobber, if it says "Polar," you know it's built right.
